## Dear Friends,

Israel the country and the Jewish People are very much maligned today not only by the usual White Supremacists, Neo Nazis, and black extremists such as Louis Farrakhan, but also by the mainstream media, the 'Peace' crowds, and especially by the great modern day 'humanists' the Islamic terrorists and their sponsors.

Within the State of Israel left wing anarchists campaign non stop on behalf of our enemies, even for outright murderers of Jews. The Arab lobby is getting constantly stronger as Israeli Arab citizens become more violent and demonstrably more outspoken against the existence of the State of Israel. The Supreme Court and much of the lower courts are controlled by Elitist activist judges who ruling after ruling take the side most sympathetic with the Arab and leftist crowd.

While Netanyahu often caves in to pressure from Obama and international world leaders on Judea, Samaria, and Holy Jerusalem, barely a whisper is heard about Arab land grabs all over the Negev in the South and the Galilee in the North. Jewish farmers are robbed, beaten, and shot at. Arabs move in to Jewish cities and take them over one neighborhood at a time all across the country.

Yet there is hope. Every day Israel adds more Jews to its population and the Diaspora loses some. Every day Israel takes another step closer to having the majority of the Jews in the world as her inhabitants.

-By supporting efforts to strengthen the embittered Kassam plagued city of Sderot you are a partner in helping to ensure that the area around Gaza remains populated with Jews.

-By sponsoring agricultural land purchases to be managed and maintained by all Jewish labor you are taking part in the challenge to keep the Galilee in Jewish hands.

While we sincerely appreciate all support for our projects, it is becoming more and more expensive to raise funds for organizational activities. If you believe that our efforts are worthy perhaps you may want to support our efforts regularly and save us fundraising costs at the same time by filling out the monthly pledge section below.

**Wishing you and yours a Gmar Chatima Tova,**
